

## **ROADWAY OBSTRUCTIONS**

Persons are prohibited from placing items such as basketball hoops, landscape materials, dumpsters, or other obstructions on the roadway or in the right-of-way area. Any items must be on the property or driveway of the owner. In addition to slowing street maintenance such as sealcoating and sweeping, obstructions in the street create a potential hazard to pedestrians and vehicles.

For safety or maintenance purposes, it may be necessary for the City to remove any items from the roadway. Questions? Please contact the Public Works Department at 763 923 7121.
