

Severe Weather Awareness Class

Keep yourself and your loved ones safe during storm season!

Thursday, July 29, 2010

6:00 PM - 7:30 PM

- Learn about the causes of severe weather, what exactly triggers the tornado sirens (and why), what the National Weather Service can and cannot see on radar.
- This class also covers safety and the importance of NOAA Weather Radios and the Skywarn™ storm-spotter program.
- This class is intended to educate the public on the severe weather that occurs here in Hennepin County.
- Instructor Dan Bovitz is a Coordinator for Hennepin County Emergency Preparedness.

Class is free; preregistration is requested. Please contact the Champlin Police Department at 763-421-2971 to register.

CLASS WILL BE HELD AT:

**Champlin Public Safety Facility
11955 Champlin Drive
Champlin, MN 55316**
