ROUND UP PROGRAM

The City of Champlin Parks & Recreation Department is reaching out to Utility customers to request your participation in a community-based program in which your Utility Bill is rounded up to the next dollar.

This voluntary gesture will reduce participation costs for youth and senior citizens in a wide variety of Parks & Recreation Department sponsored programs, activities and community special events.

Your generosity and contribution are greatly appreciated! These funds will be used to support the youth and senior citizens in our community.

Your **CHANGE**
may **CHANGE** a life.

HOW DOES THIS WORK?

Each billing cycle, your utility bill would be rounded to the next highest dollar amount. For example, if your bill was \$42.81, we would round the total up to \$43.00. The additional 19 cents would be forwarded to the Champlin Round Up Program's fund.

Many times the costs to offer recreation programs and activities designed to serve the youth and senior citizens of the community become cost prohibitive, especially if transportation costs are included. The Champlin Round Up Program would be set aside to offset program costs for age specific members of the community.

The average contribution from each participating utility customer is about 50 cents a month. While this contribution is not tax deductible, the most a customer could contribute in one year's time would be \$11.88.

This is a specially dedicated fund authorized by the City Council to guarantee funds are being distributed to the youth and senior members of our community in a manner in which residents intended.

HOW DO I SIGN UP?

Participation will begin in January of 2017 and it is completely voluntary. You can sign up by email or online at <http://ci.champlin.mn.us/public-works-department/utilities/pay-utility-bill-online>

For those whose bill is paid electronically, we would request an email to Roundup@ci.champlin.mn.us
