GRAND MARSHAL CHANEY NEU

Chaney Neu is a sophomore at Champlin Park High School. She made Minnesota State High School History this year by becoming the first Gymnast to score a perfect 10.0. She did this on her vault. Chaney landed her 3rd consecutive All Around and Floor Title as well as winning the Bars and Beam Title. This feat was the first time in 45 years in which one athlete swept all 5 titles. Her accomplishments have earned her the “Star Tribune Gymnast of the Year” for the 2nd consecutive year.

Chaney is also a great student currently holding a 4+ GPA. She is part of the CPHS Leo Club and spends many hours volunteering within the local community. She was just awarded the President’s Volunteer Service Award for 2018 for her contributions. In her free time, she loves to Wake Surf, spend time on the River, and be with her family and friends. Chaney has aspirations to become a Veterinarian and hopes to attend a good school with a Veterinary Program where she can continue her gymnastics career as well.

Upon the independent release in May of 2018, Anderson’s debut EP “Heartland” peaked at #18 on the iTunes Country Charts and continues to connect with country music fans across the nation. Anderson continues to play shows across the Upper Midwest and tour throughout the heartland of this country.
Tractor Pedal Pulling is a fun and exciting event that has continued to grow in popularity across the US and the world. It is an event for kids ages 4-11 where each child sits on a pedal tractor and drags a weighted sled as far as they can go. As the sled is dragged it creates friction, making it harder to pull. So the farther you go, the harder it gets!

Pedal Pulling is a family friendly activity and splits the kids apart into age divisions. Our Pedal Pulls will be state sanctioned. The top two boys and top two girls will qualify to compete in the State Championship Pedal Pulling Competition. The top 3 children in each age group will receive a trophy, and all children will receive a participation ribbon. A festival button is required to participate.

The cost of adopting a duck is $5 or adopt a Quack Pack and get 5 ducks for $20. Ducks can be adopted at the Champlin Parks and Recreation office beginning Wednesday, May 1. This program relies heavily on parent involvement and your participation is needed; our goal is to have a minimum of one parent volunteer per team. We will provide on-site coordinators that will lead warm-ups, introduce new skills and have organized lesson plans for each class. We will need parent volunteers to assist with each individual team; especially during the game play portion of the season. No experience necessary, just a desire to help the children have a great experience! Please email Alicia Jahnke at ajahnke@ci.champlin.mn.us if you are willing and able to assist.

**Tennis**

Youth tennis lessons are designed for the players of most ages and all abilities. The programs will teach the fundamentals of tennis and conclude with a family picnic and awards ceremony (tentatively scheduled for July 17 & 18).

Additional tennis opportunities will appear in the Summer Brochure, due out in April. *T-shirt pick-up meeting is on June 5, 5:15 p.m. - 6:45 p.m. at the Champlin Ice Forum.

**Novice Level**

Novice Level will focus solely on skill development, starting from the grip and progressing from there.

**Intermediate Level**

Intermediate Level is for those with limited tennis experience. The majority of this class will focus on skill development and improvement. Scoring and mini-matches will be introduced on a limited basis.

**Advanced Level**

Advanced Level is for those ready to move to the next level. Skills will be reviewed and practiced, but the focus will begin to shift to scoring and match play.

**Match Play Tennis**

Match Play Tennis is for the intermediate to advanced player. A weekly skill or strategy will be taught to help you focus on improving your game. The majority of class will be spent playing games, sets and matches.

---

**Team Tennis**

Team Tennis is designed to provide the opportunity for match play (with limited instruction) with various cities throughout the north metro area. This program provides opponents, team camaraderie and the opportunity to play in matches. Traveling is required on match days (schedule TBD). Generally the class instructor will drive the players in the City van, but occasionally we may need additional drivers. Because the schedules are determined by the USTA there may be some variation from what is listed below; more information will follow on the first day of practice.

---

All classes start the week of June 10 and run through July 18.

Team Tennis programs will tentatively run through July 25 as based on their match schedules.

All classes, except Team Tennis, are 55 minutes in length. No classes July 1 – 5.

SKATE WITH US

The Learn to Skate USA skating lesson program is to provide a fun and positive experience that will instill a lifelong love of skating. The foundation of the program is based in a safe and solid skill progression that provides all skaters the necessary tools to reach their goal, be it recreational or competitive. This group ice skating instruction is designed for skaters of all ages.

This program is taught by professional skating instructors. Registrations are taken at the Parks and Public Works Building located next to City Hall (make all checks payable to the City of Champlin). Registration deadline for all classes is one week prior to the start date. Registrations will not be accepted on the first day of the session. Registrations received after the deadline, will be charged a $5.00 late fee.

All classes will be held at the Champlin Ice Forum. A limited number of rental skates are available for $3.00, and helmets are required for ages 3 – 6. Keep in mind that it’s common for children to repeat a level several times before advancing to the next level. Attendance is important to learn new skills that build on the previous class each week.

SNOWPLOW SAM

The Snowplow Sam levels are designed to help the preschool age skater develop preliminary coordination and strength to maneuver on skates. This program is for skaters who are not ready to begin at the Basic One Level (generally ages 3-5). Group lessons consist of a 30 minute lesson and a 30 minute practice. A bicycle or hockey helmet is required. Please come 20 minutes early on the first day of class.

BASIC & FREESKATE SKATING

The “basic skills” are the fundamentals of the sport. These eight levels of the program introduce the fundamental moves: forward skating, backward skating, stops, edges, crossovers, turns and mohawks. Upon completion of the Basic 1-8 levels, skaters will have a basic knowledge of the sport, enabling them to advance to more specialized areas of skating. Skaters must pass Basic 8 before progressing to the Freeskate levels. Group lessons consist of a 30 minute lesson and a 30 minute practice. Please come 20 minutes early on the first day of class.
